

INDUSTRY LEADING FABRICATION SOLUTIONS

Custom Fabrication
Built for Critical
Infrastructure

Campos Fabrication provides custom-engineered fabrication solutions for the utility, power, and oil & gas industries. As part of the Campos family of companies, our team delivers fully integrated services—from engineering and design through fabrication, testing, and commissioning—ensuring seamless execution across every phase of a project.

OUR EXPERTISE

As part of the Campos family of companies, Campos Fabrication delivers integrated engineering and fabrication solutions for the energy industry. Our team specializes in piping systems, control systems, and ASME-certified fabrication for utility, oil & gas, and renewable energy projects, *with a growing focus on hydrogen and renewable natural gas.*

OUR MISSION

Campos Fabrication is dedicated to delivering high-quality fabrication solutions to the utility, oil, and power industries. Guided by craftsmanship, integrity, and a commitment to excellence, our team works to create lasting value for our clients and communities.

PROGRAMS & SERVICES

Products & Projects Overview

- Packaged Gas Processing Skids (RNG, LNG, CNG, C6+, & H2)
- Metering, Regulation, Valve Sets, and Pipeline Equipment
- Gas Conditioning Equipment & Skids
- Gas Analysis and Monitoring Equipment & Skids
- Pumping & Compression Skids
- ASME U/R Pressure Vessels
- Structural Steel and Building Integration

Engineering & Design

Integrated engineering and design support from concept through commissioning

- Project management & design engineering
- CADWorx, SolidWorks, AutoCAD software platforms
- Fabrication-ready drawing development

Welding & Fabrication

State of the art welding systems with High-precision CNC material cutting delivery precision, consistency, and efficiency.

- PipeWorx welding systems
- CNC material cutting and beveling
- Multi-material capabilities

Automation, Electrical and Controls Solutions

Custom electrical and automation solutions tailored to complex projects.

- Control system design & electrical engineering
- PLC programming & SCADA integration
- Commissioning & testing

Painting and Specialty Coatings

Industrial coating solutions designed for durability & performance.

- Industrial paint booth
- Protective & specialty coatings
- Custom finishes

Quality Assurance and Control

Rigorous QA/QC processes ensure safety, compliance, & reliability.

- OSHA-certified safety programs
- Fully audit-able inspection & testing protocols
- Project TVC record development and compliance

Turnkey / Design Build

Full EPC-style project delivery from engineering through construction.

- Project scheduling & procurement
- Engineering, estimating, permitting & inspections
- Field support, factory acceptance & site acceptance testing & commissioning support.

THE FUTURE RUNS
ON WHAT
WE BUILD

The future is our promise. OneCampos is how we do it.

Campos operates as one connected ecosystem across **engineering, construction, fabrication, staffing, and analytics—designed**. Clients can engage a single service or multiple phases. When aligned as OneCampos, teams reduce friction and deliver clearer accountability from start to finish.

Campos Operates as **OneCampos**

Why it matters

Infrastructure today demands:
Speed | Clarity | Accountability

One connected team
Fewer hand-offs
Clear ownership

One partner. Many disciplines. Total accountability.

The power of OneCampos:

Faster decisions:

Teams aligned early

Lower risk:

Less friction across phases

Stronger outcomes:

End-to-end accountability

Community impact:

Responsible execution

Safety & Communities
